

Spring Street

INTERNATIONAL SCHOOL

We are an independent, college preparatory, co-ed day and boarding school located in Friday Harbor—a small town on San Juan Island—approximately 100 miles northwest of Seattle, Washington.

academics

At Spring Street, teachers work to build relationships that prepare each student to meet the requirements of a rigorous curriculum, fostering the complex reasoning crucial to thriving in both college and life. Collaborating on projects, fieldwork, experiments, and presentations, students and teachers create meaningful understanding of themselves, their community, and their world.

experiential education

Each fall and spring, the classroom expands to the trails of the North Cascades mountain range, to the streets of New York City, to the Himalayas, to a Mayan village on Lake Atitlan, and beyond. Providing a global perspective through internships, museums, language immersion, trekking, homestays, and service projects, our expeditionary learning program challenges students to put theory into practice.

boarding

In a home-like setting, boarding students are nurtured by caring dorm parents in our spacious new residence. From sharing meals as a family to daily chores, supervised study halls, and dynamic weekend activities, the boarding program balances academics with the emotional, physical, and social needs of our students.
